## SUMMARY

A software engineering graduate who is seeking to find the opportunity to work in a fun and challenging working environment that will encourage him to improve and learn new and necessary skills as well as be motivated by the company to do his best for the sake of helping himself and the company advancement in the software engineering industry.

## SKILLS

Technical Skills    HTML | CSS | JAVASCRIPT | PYTHON | C

Soft Skills    Problem Solving | Analytical Skills | Team Work | Time Management | Communication

## LANGUAGES

English (Read, Write & Speak) | Hindi (Read, Write & Speak) | Telugu (Read, Write & Speak)

## EDUCATION

Bachelor Technology:	Of Gouthami Institute of Technology Computer and Management for Women, 8.05 Science And Proddatur Engineering	CGPA: 8.05	Oct 2020 - Present
Intermediate:	MPC Narayana Junior College, Kadapa	CGPA: 9.04	Jun 2018 - Mar 2020
Secodary (CBSE): 10	Education Pushpagiri Residential Public School, Kadapa	CGPA: 6.8	Jun 2017 - Apr 2018

## INTERNSHIP

Azure Cloud Engineer	Sep 2022 - Oct 2024
Verzeo, India	

- Successfully implemented and deployed Azure solutions for specific projects, such as creating and managing virtual machines, setting up scalable web applications on Azure App Services, or designing and deploying solutions on Azure Kubernetes Service (AKS).
- Developed automation scripts using Azure PowerShell or Azure CLI to streamline processes and improve efficiency.
- Devised foolproof mechanisms to identify fabricated news.

## Python Full Stack Developer

May 2023 - Jun 2024

### Pantech e-Learning, India

- Successfully contributed to the development of a full-stack application using Python for the back end (Django) and modern front-end frameworks (React).
- Implemented end-to-end features, from database design to user interface, demonstrating a comprehensive understanding of the entire development stack.
- Utilized Django to craft a professional resume.

## PROJECTS

### Portfolio Website

Apr 2023 - May 2023

- A portfolio website is a personal or professional website that showcases an individual's or a company's work, skills, achievements, and experience.
- It serves as a centralized platform to present a collection of projects, works, or products in a visually appealing and organized manner.
- Portfolio websites are commonly used by individuals in creative fields such as design, photography, writing, and web development, but they can be beneficial for professionals in various industries to highlight their accomplishments.
- Documented technical workflows and knowledge in private wiki for education of newly hired employees.

### Weather Forecasting API

Jun 2023 - Jul 2023

- Weather forecasting is the application of science and technology to predict the conditions of the atmosphere for a given location and time.
- This project is done to know the wind, humidity, pressure, and visibility based on the given city.

## DEVELOPMENT TOOL

Visual Studio 2012/2014/2016/2017

## WORKSHOPS

- **Employability skill development training programme**, conducted by Mahindra Pride Classroom, Naandi Foundation in association with APSSDC  
2022 - 2023
- **Workshop on Data Science in SARVAGNYA - 2K23**, organized by CSE Department, held at JNTUA College of Engineering, Pulivendula  
March 2023

## CERTIFICATIONS

### NPTEL Cloud Computing

Jul 2023 - Oct 2023

NPTEL Online Certification on "Cloud Computing" with the score of 72%

### NPTEL Machine LEarning

Jan 2023 - Mar 2023

NPTEL Online Certification on "Machine Learning" with the score of 58%

## OTHER ACCOMPLISHMENTS

- U-16 State-level Football Player.
- U-16 District-level Athlete.
